1 | MILA
www.Mila-international.com

The Tri-Mount kitchen sinks created from 16-gauge T-304 stainless steel can be installed with Mila's exclusive flush mount for a continuous transition from counter to sink.

2 | LG ELECTRONICS
www.lgusa.com

New flat-screen liquid crystal display and plasma HDTV models offered for the hospitality market include a frame, high-gloss finish and integrated bottom speakers.

3 | 360 ELECTRICAL
www.360electrical.com

Top and bottom sockets of the 360 Electrical Duplex Outlet rotate in either direction a full 360 degrees. With no inside wires, each socket rotates freely in either direction and stays powered during rotation. The outlet fits standard size wall boxes and offers a one-step, snap-on screwless wallplate for installation.

4 | SUMO
www.sumolounge.com

A spinoff of the classic bean bag chair, the 5.5-by-4.5-foot, rip-proof nylon Sumo Lounge is stain-resistant and water-repellant.

5 | CORTINA
www.cortinaleathers.com

Correction
The embossed leather shown here was mis-identified in the May/June Showroom section. It is part of Cortina's Futura range.
